## CHESS COACHING PLAN 2025

05.01.2025

Dear Parents and Enthusiastic Players,

First, I wish all students **a fantastic New Year in 2025**, academically and in every aspect of their lives. We are thrilled to bring an **exciting, well-thought-out chess program for 2025 with some changes to improve kids learning.**

This is not just about teaching; it is about a deep, structured approach that **includes intra-academy tournaments, exams**, friendly matches, **challenging encounters**, and creating a dynamic chess environment for kids.

This **includes four distinct plans**, and the player can **choose the plan accordingly**, whether the player is a beginner, hobby player, or advanced player.

After joining, players will receive **carefully selected activities and excellent guidance** to help them improve and advance. After **evaluating the students' skills**, we will ensure that every player gets the proper training and support to nurture their growth in the game.

**We hope to see many of you join us on this fantastic journey.**

With Best Regards,

K D Pavithra D Athukorala (Chess Coach - BSC)
